Bring your patriotically decorated bikes, wagons, pets, strollers... Heck! If you can decorate it, you can enter it! After the parade, the young and young at heart will have a blast playing a variety of carnival and pool games, watching (or partaking in!) the pie and watermelon-eating contests, and taking a crack at the Dunk Tank. Enjoy tasty carnival inspired treats while you stroll the Midway checking out the bake sale, having your face painted, or getting an HHP inspired temporary tattoo. Some of the activities can get a little splashy, so wear or pack a swimsuit so you can jump in on the fun! Check out page 21 for all the details on registering for the parade and contests, how many tickets will be needed for the plethora of activities and food options, and a full schedule of events. Tickets are NOW ON SALE at the POA office. Still have questions? Give us a buzz at 843.681.8800 or drop an email to Chrissy at recreation@hhppoa.org.

From the *President's Desk*

We hope all are enjoying the warm sultry weather of the Lowcountry and the many offerings provided by this wonderfully located community. The Hilton Head Plantation Board is in progress of an effort to "Elevate Board Visibility" and is taking steps to ensure the vitality and residential advantages of living in Hilton Head Plantation are maintained into the future. As such, the Board has chartered two new Ad Hoc committees, which might be of interest, along with a Strategic Planning Committee, which updates our Strategic Plan every two years. The two Ad-Hoc committees include:

1. Technology Committee Chaired by technology and business veteran Mr. Dave Barnum to work closely with the GM, Assistant GM, and Staff on ways to help support the residential experience with great efficiency for residents and a more manageable workload for our dedicated and talented staff. With approximately 12,000 cars passing through our gates, continuing to seek ways to enhance those transactions is an essential and desired outcome. Please note this is not a new effort but rather one where the POA is leveraging the skills of various Board members and superbly talented staff to seek ways to improve the ease of transactions.

2. The POA is historically known for its fiscal discipline and a focused approach to protecting the revenues generated to maintain a ratable and predictable utilization of funds with minimal debt. This Board has chartered POA Treasurer Ms. Lori Schmidt and the GM and Asst. GM to calibrate on codifying this position as an ongoing operating mantra. This mindset, in existence for more than 20 years under the consistent operating leadership of the GM and staff, has enabled significant upgrades in facilities with minimal debt. Another key point of this effort is to explore cash management opportunities for greater returns and thereby again help keep assessments at an attractive rate. Treasurer Schmidt, with her extensive background in banking and town governments, is ideally suited to help steward this effort.

3. The Board has asked POA VP, Margie Lechowicz, along with the GM and Staff as part of a regularly scheduled review, to execute a refresh of the existing Strategic Plan to ensure the POA continues to be forward looking in meeting a variety of Strengths, Weaknesses, Opportunities and Threats i.e. the routine SWOT analysis. Each of the various POA Committees will play a vital role in this strategic effort. Ms. Lechowicz has extensive experience in leading such efforts and that background, along with expertise residing in the Committees and POA Staff is very promising in solidifying our POA for an exciting future.

We hope you enjoy a thrilling summer!

Below are current ways to communicate with the Board:

A letter from our General Manager

July 25th Coffee with Peter

Our Summer Coffee will be held on Thursday, July 25, at 10:00 a.m. at the Plantation House. In addition to our usual update, the Hilton Head / Bluffton Chamber of Commerce will provide information on tourism.

Volunteers for July 4

We are planning to have our annual July 4th Celebration, better known as Hilton Head Plantation Day, which is just around the corner. What makes this day special is the diversity of the activities. We have something for everyone! To make that all happen seamlessly, we need volunteers. If you would be willing to give an hour or two of your time on July 4, please give Chrissy Kristian a call at 681-8800 ext. 226 or Jen at 681-8090. We need folks to judge the parade, staff, the games, etc. Any time you can give is much appreciated.

Scams

With technology growing in leaps and bounds, scammers are pulling out all the stops to part you from your funds, bank accounts, and, in some cases, your identity. Please do not fall prey to emails, text messages, letters, and or phone calls claiming that your accounts have been frozen and that you need to call a phone number to unlock your checking, savings, or credit card accounts. These are all scams, and some folks have been taken for significant funds, thinking they are legitimate.

Another scam is opening an email from what you feel is a trusted source, and when you click on the link, it warns you that your computer has been hacked and you need to call a number to unlock it. The person on the other end, of course, will perform the unlocking service for a fee, which usually involves providing your credit or debit card information. Don't open suspicious emails or give your account information to individuals under such circumstances.

Also included on the list of scams is the old story that a loved one, most often a young relative, has been arrested or lost all their funds while traveling in a foreign country. These folks call and ask you to wire funds to a certain account or purchase gift cards and send them to a particular address so they can get out of jail or have funds to get home. These are scams as well.

With Artificial Intelligence gaining more and more sophistication, you can't even tell if an image of a family member or an acquaintance is real. It only takes hackers a few minutes of recording someone to use their image, voice, and mannerisms to convince you they are the real deal. Never be pressured into giving out your account number, withdrawing cash to send, or

purchasing gift cards without verifying the situation is the Real Deal. That means taking the time to call your bank, credit card company, vendor, or person asking for the funds and verifying an actual situation or need.

Too often, the POA Office has received reports of folks being scammed out of significant funds or, in the most severe cases, losing their identity to a hacker. Please take the time to verify, do not open suspicious emails or texts, and when in doubt, call HHP Security or the Beaufort County Sheriff's Office for assistance.

Alligators

Please be mindful of our alligator population. Most alligators have a healthy fear of humans. If you suspect and can identify an alligator demonstrating aggression towards humans, please report it to Security so they can investigate and decide if the alligator is aggressive. If it is found to be aggressive, the alligator will be removed and euthanized. The Department of Natural Resources does not permit aggressive alligators to be relocated. Parents, please do not allow your children to fish or venture near a lagoon without proper adult supervision. We have hundreds of alligators within Hilton Head Plantation, and they were here long before humans arrived on the scene. Please exercise caution and common sense.

Do not harass or feed the alligators. If you feed an alligator, you are sentencing that alligator to death. We do not want alligators to associate humans with food supply. Please pass this information on to your visitors and guests.

If you have an Alligator situation, for example, you find a gator in your open garage, your pool taking a dip, at your front door trying to solicit your attention, or basking in the sun on your driveway or front lawn, don't panic! Call HHP Security at (843) 681-2459. Our Security Officers are trained to move Mr. or Ms. Gator to a lagoon or other natural area.

278 Bridge and Corridor Project

We continue to track this project, hoping that the Town Council will act to provide the measures to move it to the next phase.

Pedestrians and Cyclists

We strongly discourage recreational cyclists from traveling on Whooping Crane Way and Seabrook Drive south of the Dolphin Head Wye. Cycling on these two stretches of busy roadway is dangerous. In a confrontation with a 2000 LB+ vehicle, the bicycle is always going to lose. The cyclist may have the right to be on that stretch of road, but we do not want anyone injured or harmed. For a motorist, it can be frustrating because a bicycle is holding up a column of traffic by not keeping it to the far right of the roadbed. Motorists need to share the road with the cyclists who have a right to be there. Cyclists have an extensive leisure path system, so please use it if you are a recreational biker.

- continued on next page

If you are on a bicycle and using our roads, you are subject to the same rules as a motor vehicle. We encourage the use of bicycles and want everyone to share the road and our Leisure Paths safely. Bicycles should travel in the same direction as motor vehicles, while pedestrians should travel against the direction of motor vehicles.

Pine Island Beach Renourishment Permitting

This project now seems to be moving forward once again after being held up by various misunderstandings regarding its scope.

Dolphin Head Rec Center

This is a partial repeat from my May column with a slightly different twist.

A word on courtesy: The new Dolphin Head Rec Building has attracted clubs, classes, and many private rentals. The staff has purchased a sign that should be deployed by clubs, class instructors, and private rental hosts to inform folks just passing by that the building and/or deck are in exclusive use.

Please do not walk into the building's meeting space or deck area while the building is being used by a club, class or for private rental. The staff has received many complaints of folks just walking into the building while the building is being used for a class, by a club, or by a private rental. The Bathrooms are open to property owners and their guests, but when the building and deck are in use, please respect the exclusive use of the meeting hall space and deck. All folks whether using the building or just passing by, should exercise courtesy.

Survey Results

As of the May 31 deadline for submission, we had received well over 1700 surveys. That is almost a 40% participation rate, which is outstanding. We are still tabulating the results and will post all the information on our website, hiltonheadplantation.com, once completed.

Do you know where your children & grandchildren are?

With the warmer weather here and school out for the summer, some young people can get into mischief. Seemingly harmless pranks and others that are downright destructive and dangerous can quickly escalate. Such activities include but are not limited to ringing doorbells and running away, egging or toilet papering homes or vehicles, damaging mailboxes, and trespassing on golf courses or POA property in an unauthorized manner. On occasion, young people have donned camouflage gear and carried realistic looking pellet and BB guns, removing, or painting the orange plastic tip that may be the only thing that distinguishes the weapon from the real deal at a distance.

All these situations are destructive, dangerous, and potentially lethal as individuals encountering such behavior and/or situations may overreact. Many property owners have legal firearms in their homes. Please talk with your children and grandchildren about such behavior and potentially placing themselves in

harm's way. Back in the day, an old New York City TV Station asked during evening commercial breaks, "Do you know where your children are?" If you encounter such activity, please call Security at 843-681-2459.

Hurricane Season

Hurricane season is here. Please check out the Hurricane Preparedness information on our website, hiltonheadplantation.com. You can find this valuable information under the Security button on the main page of the site. Hard copies of the Hilton Head Plantation Hurricane Preparedness Guide are available at the POA Office. Several updates have been made to the Guide based on our experience with recent storms, so please secure an updated copy of this important document. We learned several valuable lessons from Hurricanes Dorian, Irma, and Matthew. The most critical lesson is: Do not expect or depend on the State or the Federal government to do everything for you immediately following a hurricane. These government agencies should be focused on the most needy and vulnerable in our community. As we all know all too well, if we are (God forbid) hit with a hurricane again, those who are able must be as self-sufficient as possible for as long as possible. Our three-fold communication approach worked well (HHP website, email blasts, and 800 number Hurricane Hot Line. Flooding, which has always been depicted on our hurricane category maps, is a reality, and every storm is different. That means proper preparation, adequate food, clothing, and medical supplies for you and your family. Please read over the guide and prepare accordingly.

Please jot down this special 800 number that has been set up for HHP residents and keep it with your hurricane evacuation kit: 1-877-264-5267. We have set up this number to dispense hurricane evacuation and re-entry information. Being prepared is key, so please take a few moments to review the information available on our website and prepare your household.

Irrigation Systems

Please use your home irrigation systems responsibly. 40-50% of our potable water goes toward landscaping irrigation. Please use irrigation for landscaping sparingly and consider turning off your irrigation system during rainfall or installing a rain sensor that will automatically turn off your system when there is sufficient natural rainfall.

Pickleball

Just a reminder that HHP has three lined Pickleball hard courts located in the Dolphin Head rec area. These courts can be used both first come, first served or by reserving the courts through the Tennis Pro Shop.

Stay Safe,

“Harry G, Heron” Master Covenants Bird

This month’s focus: To Agree to Disagree, property Maintenance, How to handle houseguests and Harry’s “Harp of the Month!”

Greetings, bipedal friends I am Harry, a feathered voyager of the skies, a master fisherman, and a keen observer of the human condition. I spread my wings over your bustling community, watching your interactions from a bird’s eye view. So, this month, I share my erudite thoughts on a curious human phenomenon, agreeing to disagree. Now, I must confess, we herons do not have much use for this concept in our day-to-day lives. After all, while humans are having a kerfuffle over a prime fishing spot, for us herons it is

usually the one with the quickest and sharpest beak who gets the fish. But in your complex human societies, with your myriads of opinions and ideas, I have noticed that this ability to agree to disagree is a crucial part of your social fabric.

It is a fascinating notion, really. The idea that you can lock beaks over an issue, exchange passionate words, and yet, at the end of it all, step back and acknowledge the validity of each other’s perspectives. It is akin to two birds flying in different directions yet respecting each other’s chosen paths. So, settle in, featherless friends, as we explore this intriguing aspect of your human discourse. Just remember, these insights come from a humble heron. But who knows? Perhaps a bird’s eye view is just what you need to fully appreciate the beauty of agreeing to disagree.

The phrase “agree to disagree” is often used in discourse and debates where two or more parties have different opinions, views, or beliefs that they cannot reconcile. Still, they decide to move on without trying to convince the other party to change their stance. The concept is based on mutual respect for other people’s perspectives and the understanding that it is okay to have differing opinions. It is common for residents to have varying opinions on the rules and regulations. Some might agree with all the policies, while others might have reservations. However, it is important to note that rules and regulations in our community are established for the welfare of all residents. They are not merely individual opinions; they are collective agreements that aim to ensure harmony, safety, and mutual respect.

Harry, how come POA maintenance does not clean unkempt properties and charge the property owner a fee?

While it may seem expedient for the POA Staff to step in and clean up properties that are not in compliance, there are several sound reasons why this is not typically done. Cleaning up non-compliant properties will incur costs for the POA. Such a tactic is a method of last resort and is fraught with issues, including sustaining labor, equipment, attorney, and disposal fees, oftentimes without any hope of finding reimbursement. Liability is a major factor, as the property owner can claim damages. These costs will be passed on to all homeowners through increased dues or assessments. The POA has enforcement procedures in place to address non-compliance issues. These procedures include warnings, fines, and other actions of which many of my human friends may not be aware. Then there is the “Wrath of Harry”. Harry is an easy-going, compliant, and parsimonious bird. Still, when Harry’s feathers get out of sorts after all else has failed to bring about appropriate compliance, Harry does have his own means. While it may be tempting for the POA to take direct action

on non-compliant properties, there are legal, privacy, cost, and community dynamics to consider. The POA’s Human Staff are typically designated to enforce rules and regulations through established procedures rather than taking direct action on individual properties. Yours truly, on the other hand, is.... well... not human.

Harry, I will have family members here for the summer. Are they allowed to swim at the Spring Lake Pool and to fish the lagoons?

Summer is here, and family members are arriving for their summer visit. Guest passes are issued to visitors for the specific purpose of visiting a resident at their residential property. House guest cards were established to provide residents’ guests access to HHP facilities without the requirement of being accompanied by the property owner. Each person with a house guest card who is 17 years or older may bring two (2) additional guests with them for a total of three people per card. Children 16 years old or younger may not bring guests to the pool and other HHP facilities. The house guest cards are required at Spring Lake Tennis Recreation area, Leisure Paths and Trails, Whooping Crane Conservancy, Dolphin Head Recreation area, POA Fishing Lagoons, Pine Island Beach, Hickory Forest Boardwalk, and Spring Lake Pool. When fishing, residents 13 years of age and older provide appropriate identification as a property owner or house guest of Hilton Head Plantation. Guest passes are issued to visitors for the specific purpose of visiting a resident at their residential property. Persons desiring to fish in our lagoons are urged to obtain a map designating which are HHPPOA-owned and which are privately owned by regimes within the community or by a golf course. Maps are available at the POA Service Center for \$2.

Harry’s Harp of the Month!

Harry, some of the residents at Canine Park do not have control over their dogs.

When entering the dog park, the dogs must be properly socialized. Aggressive behavior towards other dogs or people is not permitted. Dogs must be supervised, and owners should always have control. Owners should not have their dogs unattended in the park. Dogs must be on a leash when entering and exiting the vehicle at the park to prevent incidents and ensure the safety of all dogs and owners. Once inside the designated off-leash area, dogs may be unleashed if they are under control. Rapsallion dogs are not allowed. Dogs with aggressive behavior towards other dogs or people should not be brought to the park. Owners are responsible for cleaning up after their dogs by promptly picking up and properly disposing of their waste. By following these rules and guidelines, owners can help ensure a safe and enjoyable experience for all the dog owners at the dog park.

So, let us continue to engage in perspicacious dialogue, to question and challenge, to share and listen. Let us strive to understand, and even when we take umbrage, mutual respect is the outcome. It is through this process of agreeing to disagree that we strengthen the bonds of our community, foster a culture of inclusivity, and contribute to an environment where every voice matters. In the spirit of camaraderie and mutual respect, let us, at times, agree to disagree.

NEWCOMERS CLUB

The Newcomers Club is a fun social group that provides a welcoming and supportive environment so HHP residents can socialize, share a meal, make connections and learn more about our community. We wrapped up our season in May with a Salty Dog Sunset Cruise, full of dolphins, drinks and laughs! We're on hiatus for the summer and will be back for our 2024-25 season in September with more fun events and opportunities to meet new friends.

Past events included an Island Luau, Oktoberfest, Friendsgiving, Holiday, a Tailgate Party, a Mardi Gras-style Low Country Boil, a Giddy Up Western Party and a Black and White party with paella prepared on the Plantation House deck. We've played Music Bingo, had a Country Line Dancing lesson, a spirited game of holiday trivia and "Guess Who I Am" with famous sports stars.

More information on our group can be found at www.HHPNC.com. Our season runs September through May with one catered event a month, usually held at the Plantation House. Events are BYOB – alcoholic and nonalcoholic. Members pay nominal dues and receive an email each month with details on the upcoming event and a link to register and submit payment. All residents are welcome, whether you are brand new to HHP or have called HHP home for years.

Have a great summer and hope to see you in September!

WOMEN'S JAVA: Coffee, Conversations with Common Grounds

Just like the men, HHP women now have their own coffee time. Here's a way of getting together with HHP women for a casual morning of conversation and a cup of coffee or tea. We will meet every Tuesday morning at Spring Lake Pavilion from 8:00 AM to 9:00 AM for coffee or tea and a snack to share with inspiring talk. If you have any questions or would like to get on the mailing list, **please contact Beverly Silber Rogers at bevsilber@bellsouth.net**

Women's Java is off to a great start with wonderful women. Join us for a great way to bond and get to know each other!

Are you interested in crafting and meeting a wonderful group of like-minded people? The HHP Crafters are a great group to join! The HHP Crafters have been volunteering their time and efforts for non-profit organizations for over 30 years.

The Crafters raise these funds through craft sales held in the spring and fall. We meet each month to give members the opportunity to discuss their current crafts and to give help and advice. Sometimes we work together -- the photo shows work done by a painter, a knitter and a sewist. Occasionally workshops are held where we all learn a new craft such as decoupage, crocheting or needlepoint.

Currently, we have over 25 full and part-time resident members—some who have been with us for decades and some who have just joined us this year! If you would like to join Crafters, get email updates on craft sales or have donations of craft materials, please contact either Margot Gilbert at 843-342-9996 or Deanna Collins at 937-829-0611.

Model Train Club

This club is for anyone who has an interest in trains. Some of our members have extensive layouts, some only have a display for the holidays, and some have no trains, but it is just like railroading in general. Members are modelers, history buffs, rail fans, etc. Model train members have O, HO, and G gauges to name a few. The club has a permanent layout in the Plantation House, both O-gauge and HO-gauge. We provide running trains for some of the plantation functions, for example July 4th, for the Holiday Hayride and the Children's Holiday party. We assist anyone who needs help or just wants information about the hobby. Our club members or guests do presentations on various train topics. On occasion, we may visit another train club in the area, attend area train shows, visit a train museum or a member's home.

Regular meetings are normally held at the Plantation House, at 2:00 PM, on the second Wednesday of the month from October to June. Guests and new members are always welcome. Please consider attending. For additional information, contact Bob Gluszik at rgluszik@yahoo.com.

PARTY FOR ONE CLUB

Party for One, HHP's single ladies' club, will celebrate the arrival of summer by meeting at the beach on Wed. June 19, from 5 pm to 7 pm. Ladies, bring an appetizer for eight, your beverage, and a beach chair!

For more information, email Pat Lucas at patvghi@aol.com or call **843-301-6600**

Memorial Day forced a change of date and venue for the HHPBCB in May. We met at the Plantation House for a Memorial Day Picnic with beer, hot dogs, beer, hamburgers, beer and all the normal picnic side dishes provided by our members.

As Summer is arriving we will likely have our next meeting focus on "lighter" beer styles. These will include Pilsners, Kolsch, Radlers and Session IPA varieties. There may even be a few "Light" beers that show up for sharing and sampling...as long as they are truly CRAFT beers and not CRAP beers!! New BEERventures are planned for this year (possibly an overnight BEER trip) so don't miss the fun! Members receive advance notice at the beginning of the month for the planned event.

The club typically meets the 4th Monday of each month at the Spring Lake Pavilion at 6:30 PM unless there is an offsite event. Members are encouraged to bring craft beer from the area or from their travels to discuss and share with the group. Dues are \$10/year per person and you may join at any time of the year. Our sharing provides craft beer aficionados the opportunity to try other styles and flavors of beer to expand their beer palates. Please contact Steve Yingling via Email at stevehhi@kw.com with questions or to indicate your interest in becoming a member or to send contact info for those that wish to be members or guests.

HH PLANTATION PICKLEBALL CLUB • H2P2

H2P2 IN ACTION

H2P2 is building a vibrant pickleball community, which today includes over 500 players. As one of the few communities in the region without dedicated hard courts, we also serve as a voice for new recreational amenities like Pickleball in HH Plantation.

Despite the struggle with available courts, H2P2 members work to find opportunities to play in other communities. We have small groups playing at Adriana (round robins on Fridays), HH Island Rec (various clinics), Palmetto Dunes, Island Beach & Tennis, Port Royal, Indigo Run and even Palmetto Hall. It's hard to build a vibrant HH Plantation Pickleball community while 'on the road' but we are a resilient bunch! One example of our road trip efforts; here are residents Cheryl Newman (middle) and Linda Sheets (right) who recently started a beginner's program offered through WAHHI at Beach & Tennis.

TODAY'S LESSON

Like tennis and golf, Pickleball has an official process to measure a player's skill level to help maintain competitiveness. Here's a review of these different levels.

- **Beginner Level: 2.0 to 2.5 Level** - Players are typically new to the sport and are still learning the fundamental rules, techniques, and strategies of pickleball.
- **Intermediate Level: 3.0 to 3.5 Level** - Players have a good grasp of the fundamental skills and can execute them with more consistency and accuracy.
- **Advanced Level: 4.0 to 4.5 Level** - Advanced players have an elevated level of skill and experience, often competing in tournaments and leagues.
- **Elite Level: 5.0 to 5.5 Level** - Elite players stand at the pinnacle of pickleball skill and athleticism, competing at the highest levels.
- **Professional Level: 5.5 to 7.0 Level** - Professional players earn a living through sponsorships, endorsements, and prize money from competitive tournaments.

No matter your current skill level, pickleball offers a welcoming and inclusive community where players of all abilities can enjoy the thrill of competition and camaraderie.

GET INVOLVED

To become a member, email h2p2club@gmail.com. Membership is the best way to get the latest club news and ask questions. Also, follow us on Facebook -- HHP Pickleball Players

Several of our residents (and more are welcome) are playing in a Pickleball Tournament Supporting Mental Health in the Low Country. This fundraising tournament will be at Palmetto Dunes on September 28-29. All players and levels welcome. www.mhapickleball.com

FRIENDLY FOODIES SIPS & BITES SUPPER CLUB

Do you delight in cooking, trying new recipes, entertaining in a more formal style, and regularly sharing wonderfully prepared food with three other couples? Then the Friendly Foodies Gourmet Cooking Club may be just the group you are looking for. We offer formal, full course, home-cooked dinners for dinner parties of 8 during the first half of the month and more casual and relaxed gatherings of four couples, sharing delicious Appetizers/Hors d'oeuvres paired with wine during the second half of the month. You can choose to participate in either or both types of events monthly. (The club does not meet during July, August, and December).

Please contact Joni Boehm at jnboehm@gmail.com if you are interested.

WOODCARVERS

Are you looking for a hobby that allows you to create beautiful keepsakes or practical items without spending hundreds of dollars just on getting started? Wood carving checks all of those boxes. It is a type of woodworking in which people use knives, chisels, and other hand-held wood carving tools to create figures or designs in pieces of wood. A wood carver's most basic tools are carving knives, such as whittling knives, chip carving knives, and hook knives.

Whittling knives are all-purpose tools, while chip carving knives feature a thin, short blade that allows carvers to chip away small bits of wood. A hook knife, or spoon knife, has a bent blade shaped like a hook and is ideal for carving spoons and other pieces with hollowed-out areas. Most woodcarvers start by whittling. They find a small piece of softwood and use a pocket knife to create a toy or a trinket. Whittling is the most basic type of wood carving since the only essential tools are a wood carving knife and a honing strop. Chip carving starts with a flat piece of wood. Carvers "chip away" bits of wood to form a design on the wood's surface. Chip carvers use gouges as well as carving knives. Most woodcarvers do not build or repair furniture. They work on a much smaller scale.

Come and visit with us at the Plantation House on Thursdays from 12:30 to 2:30. See if you might be "cut out" to be a woodcarver. Your grandkids will benefit from your newfound skill.

FARMERS CLUB

The first three markets were a great success thanks to our wonderful customers many who are waiting in line at 9 am when we open. Just as a reminder we take cash and checks. Our wonderful farmers have been donating so many fresh, nutritious vegetables including beets, lettuces, zucchini, lettuce, green beans and kale. By the time you read this, there will be lots of different varieties of tomatoes including heirloom varieties (beefsteak, cherry, etc.) tomatoes. Eggplant, peppers, and other new vegetables continue to be added weekly.

Unfortunately most of our fruit trees have been decimated by the deer and the blueberries are also being eaten. Hopefully we will have a good crop of figs. If you have never eaten a fresh fig, you must try one. Ask for a sample- they are heavenly!! Fig jam is truly a treat too!

Flowers are a popular item at the market. Mother's Day was another huge success!! We had record sales that day, no doubt because of the amazing flowers! Flowers are not just for special occasions - it's so refreshing to have fresh flowers any day .

Come visit us on Saturdays from 9-11 am at Seabrook Farm!

Here is the children's mural, from the event, which will be hanging in the Plantation House throughout the summer.

Stop by the Plantation House, which is our own Art Gallery right here in HHP. We change the art hanging there 4 times during the year so there is always something new and fresh to enjoy from around 30 of our 2D and 3D featured artists.

HHP Euchre Club

NOTE: There will be no Fishing Club meeting in June. Our next dinner meeting will be in September.

To kick off the season, the September meeting will be our annual Low Country Boil. However, here will be plenty of fishing activity during the summer to keep us busy. Kids Kamp fishing starts on June 17th! That will keep us busy on Mondays and Wednesdays for the following eight weeks. Have you signed up to help? If you are uncertain about your capability to assist the youngsters, stop by Seabrook Lagoon some morning and watch what goes on. It's work, it's fun, and it's a great service to the Plantation.

Club members who do salt-water fishing from shore or in-shore waters are well aware of Hilton Head's tidal activity and the magnitude of the tidal range between highs and lows. You dare not wander up a small creek and miss the timing of the approaching low tide. It's a long time to spend looking at marsh grass until enough water returns to move again. Why do we have so big a difference in water level during a six-hour tidal change? The sketch above covers the "Georgia Bight"-a curved coastline from Cape Fear, North Carolina to Cape Canaveral, Florida. Our part of that coastline is about as far west as you can be in the Atlantic Ocean.

A north-south line from the North Carolina Outer Banks to the Florida Keys and Bahamas covers a distance of about 700 miles. The tidal range at the ends of this line is about two feet. Another north-south line drawn through Hilton Head intersects the Florida coast around Daytona, Florida, about 200 miles distant.

As the tide moves in, 700 miles worth of water gets squeezed into those 200 miles by the shape of the Bight. The only place the water can go is up, sometimes rising as much as eleven feet, flooding the marshes, and providing a place for sea life to hide from predators and to reproduce and multiply, This large tidal range is part of what makes this area such a great place for salt water fishing.

For information about the club, visit the club's website (HHPFishingClub.com). For information about helping at the Kids Kamp fishing program, email our Kids Kamp Coordinator Dennis Waronsky at dwarplum@aol.com. All Plantation residents are welcome to help at Kids Kamp. You don't have to be a club member. Please consider helping!

BOCCE

In May, spectators were treated to a roller-coaster ride as play-offs took priority. Players gave their all every "roll" of the way, but Karen and Merv McCoy of the Buckeyes held on for the top prize.

Congratulations and thanks to all for another fun season and continued club growth!

A special thank you goes out to Rollers Wine and Spirits and their three island locations for their donation to our Basket of Cheer which was raffled off at our fun-filled awards banquet.

This summer, ladies of the club are invited to practice on Wednesday's from 8:30 am to 10:30 am. Just show up and play! And, since courts are available year-round, summer is a great time to try your hand. Courts are next to the Spring Lake Tennis Courts behind the Spring Lake Pavilion. To make a reservation, visit or call the Tennis Center at 843-681-3626.

Visit our website for fall registration, clinic information and more. From HPPOA's website, go to Recreation/Clubs/Bocce Club, then click on Announcements page. All HHP residents are welcome to join.

The MJ club is for anyone with an interest in Mah Jongg. Guests and New members are always welcome, please consider attending! Thanks to all who have come out and made good start for this new club!

Regular Open Sessions are normally held on Tuesdays at Dolphin Head, starting at 12:30 pm and closing at 3:30 pm to lock up. (Please see note below for dates that Dolphin Head is not available for MJ Club use)

Players are now using the NMJL 2024 card. The NMJL 2024 card is now available to purchase and can be purchased online at: <https://www.nationalmahjongleague.org>.

While any MJ group can use the open session time for their preferred style at a table – many will be using the American style, using the rules and cards of the National Mah Jongg League (NMJL).

A MJ set would need to be brought to the session for each table pre-planning to play in Open Session. Several players do bring MJ sets and will be happy to accommodate drop-ins as available.

Those players interested in ensuring play of a traditional NMJL game, should plan arrange their own tables of 4, cards and MJ set. Those who enjoy a more “social” game are welcome as well. A “social” simply means the NMJL cards would still be used, but setup and rules are more “social” in nature. “Social” tables may be played with 4, 3, or 2 players. Single players are encouraged to participate and arrange to join an open table.

No dues, No fees, No Committees (unless someone wants to volunteer to organize a special event or outing!).

If you have any questions or would like to get on our mailing list or would be interested in joining, please send your name, email and phone number to:

HILTON HEAD PLANTATION MOTORCYCLE CLUB

Over the past year I have been asked many times about the HHP Motorcycle Club with many questions about who we are. I've even had a couple of people tell me they didn't think 'we had those kinds of people living in HHP!' I think it may help if we tell you a little about ourselves, our backgrounds and what we are doing these days on HHI and in the low country.

While our club is small, with about a dozen active members, we come from different backgrounds, careers and even continents. While many are retired, or semi-retired, some are still employed full-time. Our members have been riding for as long as 50 years. Some started riding when they were young, took a little break to raise families, and then got back into the sport to enjoy exploring this country, and other countries, from the saddle of a motorcycle. Some like shorter day trips, while others like multi-day tours. We ride bikes from different manufacturers including Harley-Davidson, Honda, BMX, and Triumph among others.

Whether retired or still working, the club is made up of architects, engineers, firefighters, schoolteachers, law enforcement professionals, small business owners, dentists, speech-language pathologist and business executives in commercial real estate, building materials and non-profits. As our numbers continue to grow, other backgrounds will undoubtedly be added to our group. We don't focus on what we did for a living, we usually talk about what kind of motorcycles we ride, where we have been and where we are wanting to go on our bikes. Ultimately, we enjoy the friendships made within the riding community and especially those made with the members of the HHP Motorcycle Club.

Like many residents, we come from different states and even different countries in Europe. In the past, and currently, our group also has a pretty extensive list of volunteer activities. Among them are youth coaches, Boy Scouts, Sunday School teachers, volunteer Boards, including those at our places of worship, and various charities that support a range of beneficiaries too numerous to mention in this space. We are also parents and grandparents to great families.

While some people may be disappointed to learn we are not an outlaw biker gang, we are just normal folks who happen to enjoy the freedom and enjoyment of exploring the open roads, whether to visit a new small town or attend a large motorcycle rally.

We generally meet the first Monday of the month at 7pm in front of the Plantation House. Interested in joining us? Just show up or email Dave Pirkey at dpirkey@comcast.net. There are no dues and no fees.

Fun Fact: The Hilton Head Plantation Motorcycle Club now has a public Facebook Group. Feel free to check us out.

Hatha Yoga Class – New 6-Week Session

The Activities Department is excited to introduce a new 6-week session of Hatha Yoga taught by Mary Montour. Hatha yoga combines a gentle asana (posture) practice that emphasizes core strength, flexibility, balance, concentration, and breath control. Mary feels alignment is key to staying safe and getting the maximum benefit from the poses. Mindful, slow flow coupled with the breath and longer holds compliment the active alignment cues. Props will be utilized to help with alignment so students of all abilities can participate. Restorative poses and meditation close out the class. This class is suitable for students that are newer to yoga with some yoga experience, as well as experienced students interested in a lower intensity flow and refinement of alignment.

Classes will be held on Wednesdays at the Spring Lake Pavilion from 2:30 – 3:30 PM. The session will run July 17 through August 21, and the cost is only \$45/person for the entire session.

Dates: **Wednesdays • July 17 – August 21**

Qigong Class – New 6-Week Session

Qigong (chee gong) is an ancient Chinese health care system that was developed before the written word in Chinese monasteries, hospitals and imperial courts. It integrates movements, breathing techniques, focus attention and self applied massage. Qigong means cultivating or working with energy and is practiced for health maintenance, increased vitality and inner peace. Our instructor, Bénédicte Gadron, will be teaching a six-week session beginning Monday, July 15. Classes will be held on Mondays at the Spring Lake Pavilion from 4:30 – 5:30 PM. The new class session runs from July 15 through August 19, and the cost is only \$45/person for the entire session. If interested, please sign up with Jen or Sean at the Scheduling Office. Questions? **Call 843-681-8090.**

 Time: **4:30 - 5:30 PM**

Qigong’s great appeal is that anyone can benefit from practicing it, from the very young to the very old. The movements are easy to learn. They can be performed standing or sitting and can be adapted for physical limitations. No special equipment or clothing is required. A minimum is needed in order to have this class so sign up today!

Water Aerobics is Back!

Our morning Water Aerobics class with Gretchen Spiridopoulos will not only keep you cool, but also benefit your body.

Water is the ideal place to exercise. Water-based activities, from swimming to pool walking, are among the best forms of full-body exercise. It strengthens your muscles and your heart. It takes pressure off your joints. It allows for greater range of motion. It holds you up, so losing your balance is never a worry. Oh, and it burns more calories too!

Water aerobics offers advantages you can't get on land. Not only is it gentler on your joints, it encourages greater flexibility and works more muscles. We know strength training involves increasing resistance. Walking in water for thirty minutes burns 50% more calories than the same pace on land. Plus, water pressure on your body increases cardiac output so more nutrient-rich blood gets to your muscles.

Water aerobics is more than just an exercise or activity. It works your whole body, has less impact, is an ideal environment for resistance training, helps improve balance, eliminates the risk of a fall, and helps keep bones strong. Jump into the world of water aerobics and experience a journey of health and happiness like no other. It's FUN!

Date: **Monday – Wednesday – Friday**
 Place: **Spring Lake Pool**
 Time: **8:30 AM – 9:30 AM**
 Cost: **One Universal Fitness Ticket**
 Instructor: **Gretchen Spiridopoulos**

Deep-End Water Aerobics

The Activities Department is offering an evening Deep-End Water Aerobics class on Tuesdays and Thursdays beginning Tuesday, May 28. Deep-End Water Aerobics will be a non-impact aquatic class with water resistance for overall conditioning using vertical positioning. Jogging and specific exercises will strengthen the back and abdominal muscles for a total body workout. This class will be a wonderful way to strengthen and tone your body!

Dates: **Tuesdays & Thursdays**
 Place: **Spring Lake Pool**
 Time: **5:30 – 6:30 PM**
 Instructor: **Jackie Spindel**
 Cost: **One Universal Fitness Ticket**

Universal Fitness Tickets from 2023 are not valid or exchangeable!! To attend either class, you must use a 2024 Universal Fitness Ticket. See Universal Fitness Ticket Matrix for prices on page 19.

Turtle Nesting Season Has Arrived!

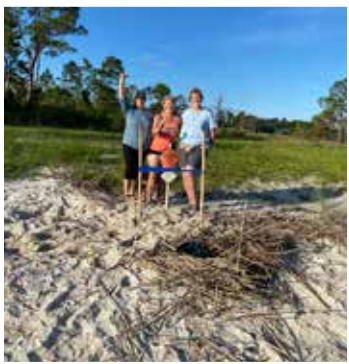

Have you seen it yet? Have you seen the first sea turtle nest on Pine Island in over a year? Recently, a female loggerhead sea turtle dragged her 300-pound body out of the Port Royal Sound using her front flippers. She found a nesting spot on dry sand

above the high tide line on Pine Island. She dug a two-foot-deep hole with her rear flippers, then laid approximately 120 eggs into that nest cavity. She covered the hole with sand, and she went back to the water. She will not return to her nest; she will let the warm summer sun incubate her eggs for about 60 days. The nest is now marked off for safety. We hope that at least one of her hatchlings from approximately 5 nests that she will lay during this 2024 season will return to our area to nest in 30 years or so.

The discovery of this nest was a testament to the dedication of a Sea Turtle Patrol HHI volunteer. Every day, these volunteers walk HHP's two nesting beaches, Pine Island and Hickory Forest, in their mission to monitor all sea turtle nests on Hilton Head Plantation. They are the sole organization on HHI with a permit from SCDNR for this crucial task.

Keep an eye out for more nests as you walk on HHP's beautiful Pine Island! Please visit our website, seaturtlepatrolhhi.org, and consider attending one of our Free Public Turtle Talks at Lowcountry Celebration Park on Mondays in June, July, and August at 8 pm.

Turtle trackers at the actual nest! Mama's crawl marks to the nest.
